

## On This Side Of The Sun

By Phat

**POLITICS** — "On this 168th birthday of our independence," pens a Village G. O. P., "I'd like to say in reply to the democrat who said 'Dewey Phooey,' that we are now fighting to stay free and, therefore, Dewey or don't we?" ... "For 11 years we have been in the middle of the stream. We are not amphibious. We want to get across." That's from Gov. Earl Warren's keynote speech at Chicago ... I've voted in eight presidential elections. Twice the man I voted for won. I hope to make a .333 average this year. ... Once upon a time a proud father could look on his new born son and say: "He may be president some day." If a man says that now, someone is liable to snarl: "What's the matter with Roosevelt?"

**METEOROLOGICAL** — Says Jim Shea, Espee passenger representative here: "It's only the people who watch thermometers who get hot." I've stored mine away until November ... Mrs. Louise Klug submitted a poem on the weather this week, the last verse of which carries a promise:

On Judgement Day, St. Peter will say:  
"The Desert folk alone may stay  
For they have all the heat they need;  
The rest of you had best take heed."

**MUSIC** — "Swinging on a Star," Bing Crosby's moral lesson set to music, has made the Hit Parade. It should ... Mothers and dads with a normal healthy pre-school age kid running loose in the house will get a kick out of that new number: "His Rocking Horse Ran Away." Those parents whose boys are now in the army and navy and who want a nostalgic peek backwards about 15-20 years should listen to it, too ... "I'll Be Seeing You" and "Long Ago" are still one-two on the Hit Parade but a straight ticket, on "Amour" ought to be good this week-end.

**MORE MUSIC** — Heard a song about "Arkansas" the other night. Few states which haven't songs about them now. Have heard none about Washington, Oregon or Arizona, so thought up a few titles for Tin Pan alley. How about "I Want To Do My Washing in Washington." Or "Let me Look for Ore Again in Oregon." And how about "She Gave Me the Air in Arizona." That's no worse than "I Lost My Sugar in Salt Lake City." ... A soldier on the desert, who had maneuvered in the south, offers one: "I Felt Lousy in Louisiana." ... Bad ... I mentioned these state songs to a Villager this week and he said: How about "They're All Deezie in D. C."? ... Worse.

**SALESMANSHIP** — Prize for salesmanship goes to Walter Kofeldt of the local C. of C. He went to a session of chamber of commerce executives and sold them on Palm Springs. That's like setting up a successful Schlitz beer concession in the Pabst Brewing company offices ... Not only that, he took a movie of Palm Springs north and 4500 Eugene residents saw it in two days ... There's one thing you should remember about the Indians. When the white men took over this country, the national debt was nil.

**THIS AND THAT** — Villagers owe a debt of gratitude to the merchants who stay here all summer. What would those who have to stay here do if they all closed up? ... Last week, commenting on Eisenhower's name, I said I knew that Eisen meant Iron and that Hitler was getting it but was puzzled about "hower." A kind Villager informs me that "hower" means "one who hits." Does Hitler know that! ... Keep your dog quiet and don't let your chickens in your neighbor's Victory Garden. Under a new OPA ruling, he may go to the ration board and find out what excuse you gave to get supplemental gasoline ... Seems to me the government is putting a premium on snoopers. They pay 10 per cent for information on income tax chiseling and so on. Paul Pry is in his prime.

**ODDS AND ENDS** — For those of you who are faithfully saving waste fats — your bacon grease helps make 8 types of explosives, 6 kinds of life-saving medicine, a dozen other military objects and more than a dozen industrial items vital to the war effort ... An old timer, said a greying Villager yesterday, is the man who can remember when he quit chas-

## 11 Flyers Lose Lives Near Village

Three More Local Pilots Killed In Midwestern Crash

Four army pilots were officially listed as killed and seven more, listed only as missing, were believed dead, as result of two airplane tragedies near Palm Springs in the past week.

In addition, three pilots, stationed at the army air base here, lost their lives in a crash in Kansas.

The greatest loss of life occurred in a collision between two B-24 bombers from March Field, ten miles northeast of Palm Springs, on July 4.

### ONE PLANE CRASHES

One of the planes crashed and burned, only one man escaping alive. The other was brought limping in to the Palm Springs air base by its pilot, 2nd Lt. Gerald H. Solheid of Cicero, Ill., and co-pilot Edwin H. Darland of San Jose.

Seven members of the crew took to their parachutes and landed safely on the desert floor. All were rounded up and brought to the port that night.

### ONLY ONE ESCAPES

In the crash of the other plane, only one man escaped, 2nd Lt. George E. Smallwood, who was thrown from the plane by the impact of the collision and came safely down in his parachute.

Up to yesterday but two men of the crashed plane had been off-

## People Who Start Fires Face Grief

Carelessness Puts Six Homes In Path of Fire, Costs \$150

Following a brush fire which swept approximately 50 acres on the reservation Sunday and which resulted in the loss of probably \$150 worth of fire hose in addition to threatening six dwelling houses, Fire Chief Bill Leonosio today issued a sharp warning that all who attempt to burn trash or rubbish without first obtaining a permit or who let fires get out of control due to carelessness will be arrested and prosecuted.

Not only will they be liable to a heavy fine, if convicted, but will also face the prospect of paying for all damage incurred.

### FROM TRASH FIRE

Sunday's blaze started from a burning trash pile left unguarded. All involved thought the

(Please Turn to Page 8)

## Of All Places For A Fire! Blaze In Cooler Quickly Out

A brief flurry of flame in a cooler—of all places—summoned local firemen at 3 o'clock Friday afternoon to the war workers' housing project at the Cahuilla hotel. The fire was out when they arrived.

Fire Chief Bill Leonosio said, after an investigation, that an odd combination of circumstances started the fire. A sprinkling system which had been just turned on, lowered the water supply in the cooler just at a time when the cooler motor became overheated. As it shorted out, it set fire to the dry pads.

Damage was nominal.

## Assessment Here Shows Huge Gains

Ordinance Fixing \$83,500 As Needed to Run City Passed

Assessed values in Palm Springs went up \$1,301,370 in the past year, a report issued this week by Frank Burchfield, county assessor, indicated.

New assessment rolls show values here as \$7,872,140, compared with \$6,570,770 for last year.

Palm Springs was still the second richest city in the county, only Riverside exceeding the Village in total values. Corona was third with Banning fourth.

### NEEDS ARE FIXED

At Wednesday night's city council meeting an ordinance fixing the amount of money needed to operate the city for the fiscal year, was adopted. It sets a sum of \$2,500 for the operation of the Welwood Murray Memorial library and \$81,000 for the general fund.

Based on the assessment values for the new year, plus the assessments of public utilities here, the tax rate for the coming year will be the same as last year, \$1 per \$100 assessed valuation.

The increase in the county as a whole was \$11,728,530. The 1944 assessment is \$92,198,980 and for 1943 it was \$80,470,450.

### HIT HIGH RECORD

The new assessment roll for the 1944-45 fiscal year, which provides the base for city, school and county taxes, was presented to the board of supervisors Monday by Mr. Burchfield.

The new local roll, together with the State Board of Equalization roll for public utilities, places Riverside county over the one-hundred million dollar mark for the first time in its history.

The new figures, including the unsecured property roll, total approximately \$109,000,000 as against \$97,000,000 for 1943.

### ADJUST VALUES

"We have estimated that between 65 and 70% of the increase on the roll is a direct result of the equalization of various types of property in the county in conformity with the requests of the State Board of Equalization," Burchfield told the board. "This readjustment of property values is almost entirely a restoration of reductions granted distressed real estate during the depression years of the early '30s. The balance of the increase represents added wealth in the form of new construction and larger amounts of personal property throughout the county."

## New Street Repair Pact Is Authorized

The mayor and deputy city clerk were authorized by city council Wednesday night to enter into an agreement with the state division of highways on expenditure of the city's 1/4-cent share of gasoline taxes on streets of major importance here other than state highways. An agreement on care of state highways was authorized council meeting before.

## City Manager Will Study Office Lease

Matter of renewal of the lease on the quarters occupied by the Palm Springs War Price and Rationing board was placed in the hands of City Manager Ray Sorum when called to the attention of city council by William A. Lippman, board chairman, Wednesday evening.

Lease on the quarters at 622 North Palm Canyon drive expires August 31.

Joe Henderson, son of Mr. and Mrs. Charles Henderson, and well known Villager, will report to Indio next Wednesday to enter the United States army.

# 5th War Loan Drive Ends With 144% of Quota Sold

## \$485,000 Loaned U.S., More Coming

American Legion Show At Palm Springs Theater With Auction of Souvenirs of Battle Fields Final Event In Campaign

With reports from last night's successful American Legion bond auction at the Palm Springs theater still to come and with some other loose ends to clean up, Palm Springs went into the final days of the Fifth War Loan drive with \$485,000 in bonds sold and the remaining \$15,000 needed to reach the half million dollar goal, believed in sight.

The quota in the Fifth War Loan drive was \$346,000 and at first it was feared that, for this time of the year, the quota was too high.

### DRIVE IS SUCCESS

But with Tom Holland, chairman of the war loan committee, drafting every Villager as a committeeman, and with Fred Ingram of the Bank of America soliciting all winter residents, now away from town, taking care of the larger incorporation allotments, and his staff and the post-office staff under Postmaster R. M. Gorham looking after hundreds of individual buyers, the goal was quickly reached.

The goal will not be doubled—that was too much to hope for at this time of the year, said Mr. Holland, but the fact that the drive will give 144 per cent of its quota is highly gratifying.

### LEGION STAGES SHOW

Last night at the Palm Springs theater preceding the regular feature and a major studio preview of "Abroad With Two Yanks," starring William Bendix, members of Owen B. Coffman post, American Legion, auctioned off war relics from the battlefields of the Pacific and Europe to the highest bidders in bonds.

Each bidder received an anti-

(Please Turn to Page 5)

## Post Office Business Booming

First Half of 1944 Shows Big Gain Over 1943

Business at the Palm Springs postoffice continued to show a steady increase with both first and second quarters of the year recording business well above the corresponding quarters last year.

For the first half of the year 1944, to June 30, the total business as announced by Postmaster R. M. Gorham, was \$57,910.89, compared with \$49,429.82 for the same period in 1943, a gain of \$8,481.07 a gain of slightly less than 17 per cent.

Greatest gain was registered in the first three months of the year. January, February and March this year saw business amounting to \$33,308.75, while the same months in 1943 saw a total of \$26,185.87, an increase in 1944 of almost 33 per cent. In the second quarter this year total business amounted to \$24,602.14 and last year, \$23,243.95.

In the first half of 1942, business from Jan. 1 to June 30 amounted to \$31,006.94, just a little more than half of the business done the first half this year.

Is your name there? Full list of 5th War Loan Bond Buyers may be found on Page Four of Today's Desert Sun.

## City Business Gains Sharply Over Last Year

Records—when they are down in black and white—tell the story. Statistics from the city service departments reveal graphically why City Manager Ray M. Sorum and his staff were up to their ears—and over many times—in work for the past fiscal year.

Building activity in the first six months of 1944 was 174 per cent greater than in the same period in 1943, electrical inspections and issuance of permits, were almost 23 times greater and plumbing inspections and permits almost four times more numerous.

### BUILDING BOOMS

From Jan. 1 to June 30, this year, 131 building permits were issued for a total value of \$53,259.50. From Jan. 1 to June 30, 1943, 42 permits were issued for a total value of \$19,391.

This represents a gain of \$33,868.50 in total value and 89 in number of inspections and permits. Value of building was up 174 per cent, work involved up 212 per cent.

For the same six months in 1944, there were 68 electrical inspections compared to only three in the same period in 1943.

### PLUMBING, TOO

There were 88 plumbing permits issued by the city proper in the first six months this year and 58 for the sanitary district, which is also in the city and taken care of by the city, making a total of 146. In the same six months in 1943, 25 permits were issued outside of the sanitary district and 20 within, for a total of 45.

That's the story of the vast amount of additional work being done by the service departments at the city hall this year.

## July 4 Holiday Is Spent Quietly In Palm Springs

July 4 was a quiet day in Palm Springs.

According to Fire Chief Bill Leonosio there were no fires from fireworks and according to Police Chief Lyle J. Sanard, no fireworks as result of fire-water.

Practically all stores were closed for the holidays and many Villagers were in the nearby mountains.

Many took advantage of the fact that the holiday fell on Tuesday by making a week end out of it taking Saturday, Sunday, Monday AND Tuesday off.

An airplane accident in which nine were reported killed, ten miles from the city, was the only tragedy on a quiet day.

**COMMANDERS**—At the top, Lt. Col. Albert E. Higgins, new commanding officer of the 21st Ferrying Group, Ferrying Division, ATC, who succeeds Col. Richard D. Morgan, below, who has been promoted to commander of the western sector of the Ferrying division with headquarters at Salt Lake City.

## Lt. Col. A. E. Higgins Named Commander of 21st Ferrying Group

Lt. Col. Albert E. Higgins, former deputy commanding officer at the 21st Ferrying Group, Ferrying Division, ATC, base here was made commanding officer at the base this week succeeding Col. Richard D. Morgan, who has been appointed commanding officer of the Western Sector of the Ferrying Division with headquarters in Salt Lake City.

Announcement of the promotions and new assignments were made July 1 by Brig. Gen. William H. Tunner, commanding general of the Ferrying division at his headquarters in Cincinnati.

### PROMOTED, TOO

Simultaneously, promotion of Major Higgins to the rank of Lt. Colonel, was announced.

Lt. Col. Higgins, who was formerly executive for administration at the 21st Ferrying Group and more recently appointed deputy commanding officer, is well qualified for the new command. He served in World War I as a captain in the Field Artillery. He received his pilot training while

## Pin-Ball Machines Come Back as New Fiscal Year Starts

You can risk your nickel again for a free game.

The pin-ball machines are back—and coming back.

With the start of the new fiscal year, many of the machines taken out in May to avoid payment of a new high license fee for the six weeks intervening between the date of the new law and the start of the new fiscal year, were brought back.

The city ordinance adopted in May charges a \$100 fee for each machine for the year.

## Air Base Enters Softball Team In Area Championship

Lt. Louis Olshansky, physical training officer for the 21st Ferrying Group has announced that an enlisted men's team has been entered in the now forming Southern California Softball Elimination Tournament being sponsored by the Ninth Service Command. Play will be broken down into zones and the 21st will play in zone 12, under the supervision of Capt. Clint Rollo, Special Services Officer of Camp Haan.

In the zone games any defeat will eliminate participants and the winners will then meet in a round robin series to determine the winning service team of the Ninth Service Command. Games will be played at each field or installation in the command giving each team a chance to play on their home grounds.

Stale air is actually injurious, says a doctor. Yet the kid next door keeps right on practicing it.

## 1270th Guard Is Bowling Champ of Air Base Keglers

The 1270th Guard bowling team copped top honors in the army air base bowling loop, finishing well in front after gaining the lead five weeks ago. The way to the top was tough with the leadership in several different hands until the Guard boys took over and held it despite repeated challenges.

The last challenge came in the last game which the Guards rolled against the Officers Mess. They needed at least two points to insure the title and when they dropped the first game, it looked bad. But they took the next and then Pvt. Bill Kryston got hot and burned up the Palm Springs Bowling academy alleys with a 219 to make sure of the third and the title.

The threat to the Guards title came from the Post Engineers who had taken four points from the Medics and stood a chance to win if the Guards faltered. The Engineers wound up in second place.

## Ping Pong Champ Heads USO Camp Show At Hospital

USO Camp Show Hospital Unit No. 3, starring Cortland and Cook, international ping-pong champs, played to the approval of an audience of patients and personnel Thursday of last week.

Special Services Pvt. Herb Vigran introduced the show which first produced Elinore Sherry and the Three Swing-Hearts who presented some of the finest vocal and instrumental jive ever heard at this installation.

Harry Mendez, dancer; Nancy Healy, petite dancer; Ray Davis, Blackouts star, and "Connie" completed the fine array of talent present.

All the members of the Unit later toured the wards to bring cheer to the bed patients.

Miss Mary Lou Kinsburg, deputy city clerk, spent the holiday weekend with relatives and friends in Glendale and Long Beach.

## 12 Strong Squads Start Play In New Softball Circuit

Twelve strong teams started off on a new schedule inaugurating the opening of the second 21st Ferrying Group Softball League Monday evening. Games are scheduled to be played at the Field Club every weekday evening except Wednesdays which will be held open for playoffs and outside games.

In the first game of the new league, the 60th Sandblasters trounced the 72nd Officers to the tune of 6-3. The winners made six runs on eight hits but chalked up two errors while doing it. Their rival's box score read 3-3-3.

### HORNETS GIVEN ONE

In the second game of the evening, Haggarty's Hornets were credited with a win due to the failure of the required number of players showing up on the 73rd Sq. Officers team.

Because of the July 4 holiday, games scheduled for that night were reshuffled for Wednesday, July 12.

The new 12-club loop combines the talent of the former Army Air base league and the Municipal league. In the first half of the season they played as two separate loops but have been combined into one strong league for the second half.

Tonight the 60th Sandblasters meet the Medics and the 72nd Sq. Officers play the Haggarty Hornets.

### NEXT WEEK'S PLAY

Next week's schedule:  
Monday, July 10—73rd Officers vs. Quartermasters; Base Operations vs. Torney hospital.

Tuesday, July 11—Sidewinders vs. Headquarters Officers; Headquarters Reds vs. Headquarters Blues.

Wednesday, July 12—Base Operations vs. Medics; Sidewinders vs. Quartermasters.

Thursday, July 13—72nd Officers vs. Medics; Haggarty Hornets vs. Quartermasters.

Friday, July 14—60th Sandblasters vs. Torney hospital; 73rd Officers vs. Headquarters Officers.

## Torney Girls Win Over Air Base Wac Contingent, 7-6

Filling the bases with glamour, the Torney Girl's Softball team put the proper emphasis in the right places at the right time and, thus, ended their competitive debut in glory as they came from behind to wallopp the 21st F. G. WAC Detachment 7 to 6 at the Palm Springs Field Club, Thursday evening.

Despite a few rough spots, which should be attributed to lack of experience and which will be ironed out by the time of their next encounter, the local gals gave a neat performance a la enthusiasm. The pitching of Carol Dyer and the fly-chasing of Helen Holbrecht and Kay Herman highlighted the fielding chores while several of the Torneyites did a fair job at the plate.

## Alice Caine Parry Sells Interest In Firm to Kalbach

Alice Caine Parry announced this week that she had sold out her interest in the accounting firm of Parry and Kalbach to her associate, Lee Kalbach.

Mrs. Parry opened her office in January of 1943, filling a vital need in Palm Springs. She handled most of the business firms' books here, and answered the prayers of hundreds of local people whose Income Tax problems were becoming too much of a burden. As her reputation grew, she gradually expanded her facilities to take care of public stenography and notary work, thereby offering a complete business service in one office.

### KALBACH ARRIVES

In August, Mrs. Parry was fortunate enough to secure the assistance of capable Lee Kalbach, an accountant with an "excellent" background. He and Mrs. Kalbach (who is a one-man office team in her own right), fell in love with Palm Springs from the start. The first of November, Mr. Kalbach bought half interest in the firm and Mrs. Parry took over the active management of the Do-Nut Shop, which she had purchased.

This month, Mr. Kalbach purchased the remainder of the business.

In the short two years, Alice Caine Parry has been instrumental in bringing here three permanent and enthusiastic families. The Kalbachs are from Los Angeles, but plan to remain here, making Palm Springs their future home. The George Minor family, from Seattle, were so enthused with the Village that they purchased, in addition to the Do-Nut Shop, the Canyon cafe, both of which are now being operated by them.

### PLANS INDEFINITE

Little is known of Mrs. Parry's efforts in bringing to Palm Springs Dr. Calista Stefan, noted Los Angeles chiropodist. Dr. Stefan's office and appointments were handled by Mrs. Parry. Dr. Stefan will re-open her office in the Wilson building in September and plans to live here permanently.

Asked about her future plans, Alice Parry just grinned. She plans to rest this summer and catch up on some reading; the local Girl Scout Troop, of which she is a leader; a good deal of unfinished business in her own office; and, as she herself put it, "to clean out the top bureau drawer which needed it so sadly all last season!"

## Inner Tubes Off Rationing Lists Is Announcement

A good tube, properly inflated, aids in the conservation of automobile tires as it prolongs their life. And that's mighty important these days due to the scarcity of rubber.

That's one reason, William A. Lippman, chairman of the local war price and rationing board, said that all new tubes, passenger, truck, tractor and implement, were removed from rationing lists on July 1.

"This move eliminates the necessity of persons needing new tubes to apply to the rationing board," he said.

Pay your telephone bill before the 30th and receive a discount.

## Two From City to Attend Meeting of Lions International

Gordon Feekings is at Long Beach for two weeks vacation, leaving the Village last Saturday morning and planning to return next weekend to be here for a Chamber of Commerce meeting on July 18. Mr. Feekings is president of the chamber.

Later that week, on July 20, in company with Charles Burket, president of the Lions Club, he will go to Chicago. Mr. Burket and Mr. Feekings are delegates from the local club to the International convention of the Lions clubs to be held in Chicago August 1, 2, 3 and 4.

They plan to leave Chicago August 5, stopping over enroute home, in Salt Lake city to do a little propaganda work for Palm Springs. They have also laid plans to let the other delegates from all over the nation and other American nations know about Palm Springs while they are in Chicago.

They plan to be back in the Village about August 10.

## Sun Goes Overseas To Bring Together Two Old Friends

From Corporal Don Stutler, of Pasadena, assistant to Walter Kofeldt, executive secretary of the Chamber of Commerce when the latter was manager of the Fox theaters in Crown City, came a V-mail letter from England this week. It was the first time Kofeldt had heard from his former aide in many months.

Cpl. Stutler said that while in London a sergeant friend had given him a copy of The Desert Sun and—

"Was I surprised," wrote the corporal, "to see your name mentioned prominently in print as a leading citizen of balmy Palm Springs."

## CHRISTIAN SCIENCE CHURCHES

"Create in me a clean heart, O God; and renew a right spirit within me." This verse from the Psalms will be the Golden Text in the Sunday Lesson-Sermon on "Sacrament" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston.

A Lesson-Sermon selection from Luke's Gospel relates that Jesus "went, as he was wont, to the mount of Olives; and his disciples also followed him. And when he was at the place, he said unto them. Pray that ye enter not into temptation. And he was withdrawn from them about a stone's cast, and knelted down, and prayed, Saying, Father, if thou be willing, remove this cup from me: nevertheless not my will, but thine, be done. And there appeared an angel unto him from heaven, strengthening him."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes: "Consistent prayer is the desire to do right." "Prayer, watching, and working, combined with self-immolation, are God's gracious means for accomplishing whatever has been successfully done for the Christianization and health of mankind."

## CATHEDRAL CITY COMMUNITY CHURCH

The Rev. John C. Abels, Pastor  
Sunday School at 9:30 a. m.  
Morning Worship at 11:00 a. m.

## Palm Springs Boys Back From Legion State At Capital

Arthur Jones, son of Mr. and Mrs. A. E. Jones and George C. Bell, son of Mr. and Mrs. George C. Bell, have returned to the southland from Sacramento where they attended the American Legion Boys' State, full of enthusiasm and grateful for the opportunity of being able to attend.

In a note to Stanton Griffing, of the Owen B. Coffman post of the American Legion here, head of the Boys' State committee of the local post, young Jones wrote:

"I just got back from the Boys' State Friday night (June 30). It was the most wonderful week I have ever had. I learned more about practical government (and had more fun doing it) than I had learned in the preceding 16 years. I didn't get the office of dogcatcher. I hope you're not too disappointed. I did get the office of city judge, state assemblyman, party platform delegate, attorney at law, chairman of the legislative joint committee and so on. I'll tell you and the Lions club more about it when I return next fall. I wish you would thank the Lions club for me. Thanks again for everything. I'll never forget Boys' State. Sincerely, Arthur Jones."

## Mrs. Roy M. Ropp And Mother Leave For Laguna Beach

Mrs. Roy M. Ropp, Desert Hot Springs real estate, and her mother, left the desert this week for Laguna Beach where they have made their home for the past 20 years.

They spent the winter and spring at the Hot Springs and in that time Mrs. Ropp reported realty sales in Morongo valley, Palm Springs, Rancho Mirage and Desert Hot Springs.

She was actively engaged in Red Cross work at Desert Hot Springs and also took a leading role in the Fifth War Loan drive. The Garnet Valley of the Palms far exceeded its quota in the Red Cross drive and is making a creditable showing in the Fifth War Loan drive.

That part of the desert, although warm, is still well populated despite the time of the year.

Mrs. Ropp is a member of the Palm Springs Chamber of Commerce.

R. R. Dunlap, Pacific Greyhound agent in Palm Springs, spent the fore part of the week in Los Angeles on business.

Marriage license was issued in Riverside Monday to William J. O'Brien, 20, and Hazel Domen-gaux, 22, both of Palm Springs.

Contrary to a popular belief, snakes are not afraid to crawl over a rope.

## Villager Occupies Ring-Side Seat As Freak Fire Starts

Frank Partridge, local photographer, lays claim this week to a unique experience.

He saw a fire start. Last Friday morning at about 7:30 he walked around his car, parked in the Union Oil station lot at 301 North Palm Canyon drive and saw nothing unusual. Turning back, he saw a thin wisp of smoke start to arise from a rag. He hurried around the building to see if Charles LaRue, owner, had arrived but the station was still closed. As he came back again, the rag burst into flame.

That was enough for Partridge. He stopped walking and started running for the telephone to summon the fire department.

Chief Bill Leonzio found the cause of the blaze to be unique. The sun, still low in the east, was shining brightly just at the proper angle through a glass of liquid which acted as a sun glass would, concentrating its rays on the rag.

That was enough. Damage, however, was nominal as the firemen had only a half block to go and did that half block in speedy time.

## Building Permits In Slump Due to July 4th Holiday

With the four-day July 4th holiday lay-off intervening, only three building permits were issued by the department of buildings last week for a total value of \$780.

Total permits for the year to date are now 132 with a valuation of \$53,559.50. July permits to date total one, valued at \$300.

Permits issued last week by Arthur F. Wright, deputy building inspector, were: June 29—Robert Ransom, East Andreas, office, \$300; Elmer W. Schutte, 413 North Indian avenue, addition, \$180.

July 5—Mrs. Abe Goldberg, El Morocco hotel, 332 North Palm Canyon drive, repairs, \$300.

## Money Raised Here Aids in Saving Lives of Hundreds

Tribute for saving of millions of lives is paid the Greek War Relief Association, one of the 19 war-related agencies receiving support from the Palm Springs War Chest Fund, in an article featured in the June issue of Reader's Digest.

Citing the tragedy of Greece as "unparalleled by that of any other country," the article highlights the story of the nation's three-year occupation by the enemy.

"Were it not for the scant supplies of food and medicine sent by Greek War Relief in Swedish ships from the United States and Canada, the Greek nation might not have survived," the article reads.

"These ships carry enough food to provide an average daily ration of a bowl of soup and five slices of bread for 3,000,000 of Greece's hungry people. And this has been their main diet for three long years."

## Mandinach Opens New Plumbing Shop In Palm Springs

Oscar Mandinach, with 25 years experience back of him, the last 12 years of which have been put in in Palm Springs and Cathedral City, has opened the Palm Springs Plumbing company offices at 138 East Andreas road and plans to be open all summer as well as the fall, winter and springs months.

He has installed a complete line of plumbing fixtures and supplies and is prepared to serve the Villagers and their neighbors to the fullest extent.

His slogan is "no job to large or too small."

## Ordinance Fixing New Fund Ordered

City Attorney Roy W. Colegate was Wednesday evening instructed by city council to draw up an ordinance establishing a fund for the replacement of the city's motor vehicles as the need arises.

Th fund was recommended by the finance committee, Walter Allen, chairman, on report of City Manager Ray Sorum detailing the advisability of preparing for future needs.

## Formation of Auxiliary to Local Post of American Legion to Be Speeded At Open Air Session of Post On July 18

First steps toward the formation of an American Legion Auxiliary were taken last Friday night at a meeting of the Owen B. Coffman post, held at the Chamber of Commerce building, 310 North Palm Canyon drive when the local post approved a proposal advanced by women eligible for such an organization.

The next meeting of the local post will be an outdoor session at the Palm Springs Tennis club and at last Friday's session it was voted to invite the wives, mothers and sisters of members of the post to attend. Wives, mothers and sisters of Legionnaires are eligible for membership in Legion auxiliaries and formation of a local auxiliary will be given much impetus at the Tennis club meeting, scheduled for July 18.

Mrs. Harold Lienau, now of Palm Springs and wife of a well known member of the local post, has been prominent in auxiliary circles for many years and is a past president of the 25th district Legion auxiliary. She has promised to lend her experienced aid in formation of the local group.

At last Friday's session it was brought out that formation of an auxiliary to the local post is vitally needed because of the many activities of the local post, especially the Dugout.

new Legion club house, the north half of the Red Cross headquarters on the Desert Inn grounds.

The club house was made available to the local post by the generosity of Mrs. Nellie N. Coffman and her two sons, Earl Coffman and George Roberson, co-managers of the Desert Inn.

Mr. and Mrs. Charles Mathews are now vacationing in Mexico City, seeing the sights of the republic below the border. They left here late in June and expect to return to the Village Labor Day. Mr. Mathews is a prominent Palm Springs realtor.

## Flood Control Is Discussed Here By County Committee

Representatives from Palm Springs, and Cathedral City, Banning, Beaumont and the Coachella valley met at the city council chambers last night to discuss a proposal to form a county-wide flood district based on similar successful districts in San Bernardino, Ventura and other southland counties.

M. R. Cook of Indio presided at the session at which various expressions of opinion on the proposal were presented.

Tentative proposal calls for a system of zones in the county, each with its own flood control and water conservation problems but all integrated and coordinating for the greatest good.

Alec Fulmer, county engineer, was present to explain the program.

Members of a committee of 15, formed to sound out sentiment in the county and present their findings to the board of supervisors, were present and outlined their views.

The committee will meet with the board of supervisors at Riverside today to give their report.

## June, 1944, Quiet Month For Firemen Is Chief's Report

In June, this year, there were two fire calls with no damage reported in either blaze, Fire Chief Bill Leonosio reported to city council this week.

Last year, there were 12 fires in June and the loss was listed as \$6544.

Fire Chief Leonosio reported that 52 permits for fires to burn trash and rubbish were issued in June this year, compared with 23 permits issued in June, 1943.

## Night of Terror On Desert Near Here Related In Court

A story of a night of terror on the desert, north of Palm Springs, was told at Riverside in hearing of charges of attempted assault against R. L. Ohl, 42, Los Angeles truck driver. Ohl is accused of attempting to break into a lonely house near Garnet, occupied by Miss Frances Currie and Miss Enid Currie of Beverly Hills, sisters, on the desert for a two-week vacation.

Ohl, the women said, broke into the house after repeated attempts during which they defended themselves with a small hammer and a garden shovel as weapons. Miss Frances Currie escaped and went to the Palm Springs station to summon aid.

Miss Enid Currie told Judge R. A. Moore in Riverside that Ohl finally forced an entrance and chased her around the small house, brandishing a knife. She finally ran out of the house and fell into a small ditch where she remained hidden until help, summoned by her sister, arrived. Ohl was arrested near the house by Banning and state police. He was ordered held for trial.

## Mrs. John Sprague Thanks Villagers For Thoughtfulness

Mrs. John Sprague, Jr., whose husband, former city treasurer of Palm Springs succumbed two weeks ago at Monrovia, and her two children are spending the summer at the cabin she and Mr. Sprague recently purchased at Sleepy Hollow, Carbon canyon.

In a note to the Desert Sun this week she asked that her deep appreciation be expressed to "all our friends and Villagers for the kind expressions in my loss of John. Everyone has been so very kind and I would like in this way to express my thoughts. John was such an ideal person and my memories are full."

Mrs. Sprague and children will spend the summer near her father's and mother's place in Carbon canyon and expect to return to the Village in the fall.

## New T.W.A. Lines Will Link Village With All World

Through round-the-world air route proposed by Transcontinental and Western Air, Inc., Palm Springs, along with major cities in the east, midwest and Pacific coast areas would be linked directly with European and Asiatic capitals. In its application filed before the Civil Aeronautics Board, TWA proposes service from Seattle, San Francisco, Chicago, Detroit, Washington, New York and Boston, to ten foreign key traffic producing areas in which this country has strong commercial, diplomatic and national defense interests. Shaded portions on the map above depict these areas. This is the first time in the history of the Civil Aeronautics Board that traffic generating areas, instead of individual cities were used as the basis of a new route application. TWA, first domestic airline to operate coast to coast passenger service, is the first to seek a round-the-world route.

Telegraph plateau is the name given to the shallow ocean bottom between Newfoundland and Ireland, where a score of cables now cross.

**NEW TERRITORY**—Shaded portions on the map above indicate world areas to be linked to major cities of the United States by air via Transcontinental and Western Air Lines which also will serve Palm Springs.

## Ryan Company Executive In Village to Look Over Facilities For Proposed Feeder Service to Be Established Soon

Eugene R. Scroggie, nationally-known expert on feeder airline operation, was in the Village this week to examine this area's facilities for proposed feeder line air service application for which is on file with the Civil Aeronautics Board. Scroggie, who recently joined the Ryan organization to direct operations of the projected Ryan Airlines, will make a close study of the terrain here as it affects the airline service Ryan proposes to provide this community.

Both present facilities and future possibilities of the area will be surveyed by Scroggie, who is a veteran pilot and was formerly one of the government's top aviation experts, rising to the position of Chief of the General Inspection Division of the Civil Aeronautics Authority.

### OPERATIONS MANAGER

Later he became operations manager of All-American Aviation, which is the only pick-up airline as yet certificated by the government. In that position, he was directly responsible for All-American's operations and had entire charge of the large staff of pilots, technicians, dispatchers, radio operators and messengers who provided daily airline service to 114 cities in six Eastern states. He personally made many pick-up flights which the company conducted as part of a special development program during the past year.

During Scroggie's CAA days, he flew extensively in California, Arizona, Utah and Nevada on government assignments. He is thoroughly familiar with this territory, and is personally acquainted with most of the airport operators throughout California.

### ONE OF 120 CITIES

Palm Springs is one of 120 cities to which Ryan proposes to operate pick-up and feeder airline service. A hearing on the applications for these routes is scheduled to be held by the Civil Aeronautics Board in September.

"Mr. Scroggie's experience will be invaluable in providing feeder airline service," President T. Claude Ryan said in announcing the recent appointment of Ryan's new operations expert. "Since we plan to use the same technique of picking up air mail and express without landing which was pioneered and patented by All-American, we feel that we're very fortunate in securing the services of the one man outside All-American's organization who is intimately familiar with its most recent improvements in technique."

### WAS COMBAT PILOT

Scroggie has long been a member of the Aviation Post of the American Legion in Los Angeles, and of the Legion's State Aviation Committee. He has one son now in Midshipman's School at Cornell University.

In the last war, he was a combat pilot with Rickenbacker's legendary 94th Squadron. A German incendiary bullet shattered his leg during an air battle two months before the Armistice; he crashed behind enemy lines, and spent the remainder of the war as a prisoner in a German hospital. After the war he became a salesman, but continued to fly for pleasure, and eventually became a commercial pilot for a small Southern California charter airline. He joined the CAA in 1931.

### Rationing Rules

#### Your Coupon Schedule

**Shoes**—Airplane stamps 1 and 2, Book 3, good for one pair of shoes each, no expiration date.

**Sugar**—Stamps 30, 31, 32, Book 4, good for five pounds each; no expiration date. Stamp 40, for canning sugar, expires Feb. 28, 1945. Applications for additional canning sugar, to be filed with local OPA boards, must be accompanied by SPARE STAMP No. 37. (Note — Do not use SUGAR stamp No. 37.)

**Canned Foods**—Blue stamps, (worth 10 points each) A8 to Z8, A5, Book 4, no expiration date.

**Meats, Etc.**—Red stamps A8 to Z8, (worth 10 points each) Book 4, no expiration date.

**Grease Bonus**—Butchers will give two red tokens for every pound of salvaged kitchen fats received.

**Tire Inspections**—Save your tire inspection records even if inspections are no longer necessary. Requests for new tires must be accompanied by record of inspections.

Eugene R. Scroggie, nationally known airline authority, recently named operations chief of the Ryan School of Aeronautics, who will be conferring with local officials on Ryan's proposed air service here.

## Building-Loan Assets Show Large Increase

The statement of condition of the San Geronimo Building Loan Association, just released, shows a large increase in assets until they now amount to \$459,182.26. Included among the assets are \$100,000 in United States government bonds.

Among the other assets listed are: Deeds on improved property, \$267,611.32; contracts for sale real estate, \$20,494.15; cash on hand and in banks, \$47,801.98; and other bonds, \$9,927.50.

Officers and directors of the association are: President, D. A. Innes; vice-president, Chester Hendricks; vice-president and manager, C. O. Barker, Jr.; secretary, T. J. Cutler; assistant secretary, Donald D. McCoy; directors, George Barker and Karl Burson.

The Desert Sun—5

## Village Behaving Remarkably Well Says Police Chief

Either the supply is getting low or the Village citizenry are individually and collectively riding the water wagon.

In June there were but two arrests here for violation of city ordinance No. 6 which provides for the disposition of inebriates—in other words, only two were pinched for being drunk.

In all, there were 19 arrests here in June according to the report of Police Chief Lyle J. Sanard on file at the city hall.

### TWO FELONIES

Two were felonies, 17 misdemeanor cases. Violations of the rooming house law landed four in court and one juvenile was picked up under the curfew law. Seven traffic citations were issued.

Among the 19 nabbed, eight were women. The chief also reported that two women departed forthwith after being warned by police.

During June, police investigated 150 complaints, five of which concerned prowlers and one a biting dog.

### 100 PER CENT

The recovery record was 100 per cent with three cars reported stolen and three stolen cars reported returned to their owners and one bicycle stolen and one bike recovered.

Five investigations were made for the FBI in June, Chief Sanard reported.

Police cars traveled 5460 miles in June. The police motorcycle stood quietly all month for Sgt. Orest Johnson who rides it was in the hospital for an appendicitis operation.

The tips of a propeller at top speed often surpass the speed of sound.

LONG BEACH

### MORE ABOUT . . .

## This Side of Sun . . .

ing chickens and started running after flappers.

**BUY A BOMBER**—Remember J. Paul Russell of the Bank of America? Came a card from him this week which reminds me that a year ago last February The Desert Sun launched a "Buy A Bomber" campaign which went after \$300,000 for a bomber and wound up with enough to buy a fighter, equip both and train the pilots . . . J. Paul Russell, chairman of the war loan committee at that time, said we "dumped the deal in his lap." But he made good with a vengeance. That's where Palm Springs scored another "first." It was during the Buy a Bomber campaign that an Honor Roll of bond buyers first appeared in any newspaper. Which one? Why else would I mention this?

Pay your telephone bill before the 30th and receive a discount.

### MORE ABOUT . . .

## Bond Drive . . .

aircraft machine gun cartridge, from which the load had been removed but which still held the bullet. Members of the rival Legion teams speeded the bidding among the audience. Stanton Grifing, chairman of the post's bond committee was Master of Ceremonies and conducted the auction.

### DECISION OUT SOON

Announcement of the winner in the contest between two Legion teams, one headed by Joe Omlin, the other by John Holditch, to see which could sell the most bonds and the largest amounts, will be made by Mr. Grifing as soon as all results are tabulated.

The losing side will foot the bill for the dinner when the post meets in outdoor session at the Palm Springs Tennis Club July 18.

Last night's show concluded the Fifth War Loan drive here. Palm Springs had done it again.

## Cpl. Barkow Is Transferred to Camp Lewis, Wash.

Cpl. Harold W. Barkow, son of Mr. and Mrs. Carl Barkow, has been transferred from Fort MacArthur at San Pedro to Camp Lewis, Washington. He is in the Service Command and has been at Fort MacArthur since December 7, 1942. He is being transferred to the medical department of the Service Command. He is co-publisher of the Desert Sun of this city which newspaper he was managing when he entered the service.

## Hy Freeman Now At U. S. Hospital At Van Nuys, Calif.

Hy Freeman, well known Villager, who saw much service in the south Pacific war theater until sent back to the mainland for hospitalization, is now at Birmingham General hospital, Van Nuys.

When first sent back to the United States, he was sent to the army hospital in his own home town—Torney General—and later transferred to Santa Barbara.

While here, Pvt. Freeman subscribed to The Desert Sun for two other local boys, now in the south Pacific, Ernie Athelton and Pete Bedwell.

"They used to go over my copy of The Sun and read every word in it. Now that I'm not there, I want them to get their own copies. I know they'll go over them with a fine tooth comb," he said.

## TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs  
(Cpl. Robert D. Price)

### "HIT FOR A MISS" SET

"Hit for a Miss," a novelty party, was postponed until last Saturday night. It was a gala evening with laughter, girls, and good refreshments. The hostesses were the girls from civilian personnel. Every patient who got a "hit" had a lovely "Miss for a partner."

The Red Cross held a Soldiers' Scavenger Hunt last Monday night. Strange and intriguing articles were listed, but you would be surprised at what you can find about Torney.

### BRINGS "VISITOR"

"Hey, I'm coming over this afternoon and I'm bringing a beautiful blonde," so spoke the voice at the other end of the wire to the Special Services Department here at the hospital.

The "voice" was that of Paul Lukas, Movie Star, Academy Award winner, and swell guy, who is no stranger to the patients of Torney. The "beautiful blonde" was Kay Williams, Powers Model, MGM starlet, and the rumored current heart interest of Major Clark Gable.

Lukas, who also resides at Palm Springs "between pictures," said, "I couldn't come to town without seeing my boys."

Always anxious to come over and shoot the breeze with the patients, Mr. Lukas and Miss Williams outdid themselves last Wednesday.

First, they "stopped" the Reconditioning program which was going on in the pool with an informal get-together, then they helped Pvt. Herb Vigran conduct his play acting class, also visiting as many wards as the balance of their time would permit. Miss Williams said she would go to work on Clark and try to get him down here as soon as he finishes the picture he is working on for the Army.

### AL JARVIS STAGE HIT

Al Jarvis did it again! Yep, Sunday, June 25, Al Jarvis brought his usual bang-up show, jam-packed with brand new, entertaining specialties back to Torney for another sock two-hour session.

Ranging from a seven-year-old "Tommy Dorsey" to the Texas Rangerettes, an all-girl orchestra, the show was climaxed by the biggest attraction ever to play in any war zone, Harry Barris

## Three Villagers On Committee to Aid War Veterans

Announcement has just been made of the appointment of Stanton Griffing, Art Litchenthal and Joe Omlin of Palm Springs, to the Veterans' Home and Farm Committee.

This committee, state-wide in nature, is being formed to campaign for the passage of Proposition No. 1 on the November ballot. Proposition No. 1 carries a \$30,000,000 bond issue, the proceeds of which will be devoted to the purchase of Homes and Farms for California Veterans of World War II. This activity will be administered by the Veterans' Welfare Board of California, which was organized in 1921 for the purpose of servicing, in a like manner, the veterans of World War I.

During the twenty-three years of its existence, the Board has purchased 19,000 properties for veterans, costing \$89,000,000. This plan has never cost the taxpayers a single penny, and, according to Ed. W. Bolt, state chairman of the Veterans' Home and Farm Committee, the California plan has been so successful that other states are contemplating similar legislation for their returning veterans.

### Angela Parry Off For Scout Outing

A familiar mother and daughter two-some was missing on Palm Canyon drive this week when Alice and Angela Parry separated for the summer months. "Angel"—as she is known to practically everyone in town—and her mother spent last week at Mission Inn in Riverside, after which the local ten-year old was bundled aboard the big bus loaded with Scouts and Brownies, departing for Azalea Trails Scout

## Promotion Given Capt. Edna Traeger of Torney Nurses

Announcement was made this week at Torney General Hospital of the promotion of Captain Edna Traeger, principal chief nurse to the status of assistant superintendent, with the relative rank of Major.

Major Traeger began her career of army nursing in 1932 at Walter Reed Hospital, Washington, D. C. She was on tour of duty in the Philippines in 1935-1937, and has been stationed at several of the important army medical centers. During 1942 she toured the United States with the Army War show.

Before reporting for duty at Torney General Hospital in November, 1943, she served as assistant to the director of nursing in the California-Arizona maneuver area.

### Sgt. Geo. Goodale Back at Air Base From Cincinnati

S/Sgt. George Goodale, well known in Palm Springs, who was with the public relations department at the local army air base for months before being sent to Cincinnati, Ferrying Division headquarters on a special WAC recruiting assignment, is back in the Village. He will be here for several weeks.

Capt. Bob Maxwell, public relations officer at the air base, and Sgt. Goodale were in Los Angeles and Long Beach this week attending public relations conferences.

Camp at Idyllwild.

"If she makes herself as indispensable at camp as she has in the office, I'm afraid I'll have to look for a new secretary," laughed Mrs. Parry. "Fortunately, the War Manpower Rulings are on my side and I can refuse to give her a release."

### Mr. And Mrs. Ryno Go to Los Angeles

Mr. and Mrs. J. F. Ryno of Casa del Sol left the early part of the week for their home in Los Angeles where they will spend the summer.

They will also look after business interests in Santa Monica, returning to Palm Springs in the fall.

### Prominent Villagers In Town On Business

Coming to Palm Springs Wednesday on business were Max Van Cleef and Henry Weinberger. Both are prominent Villagers. Van Cleef is spending the summer at his home in Westwood and Weinberger at his home in Beverly Hills.

They attended the Palm Springs Rotary club meeting while here.

## Want a helping hand on your Wartime CANNING PROGRAM?

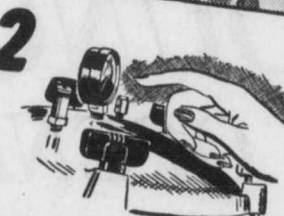

Your Gas Company offers these practical aids to help you save vitally needed food reserves

Food Fights for Freedom—and the Government urgently requests your cooperation in home canning surplus foods now in season. If you want to provide for the scarcity months ahead, your gas company may be of help in your canning program. You are invited to call on your gas company's Home Service Department for any of the helpful information listed below; or to bring in your pressure cooker for a free gauge-test report.

### FREE INSTRUCTION MANUAL

This new reference on canning methods gives you practical information on your canning questions:  
Do you know how to preserve fruits and tomatoes, using the boiling water bath method?  
Do you know how to can non-acid vegetables, meats and fish safely—using the steam pressure cooker?  
Do you know how to dry fresh food in your gas range oven?  
The handy manual that gives the answers to these questions and other information is yours for the asking at your nearest gas company office.

### FREE GAUGE-TEST REPORT

The pressure-gauge on your pressure canner will be tested without charge at your nearest gas company office. The test report tells you if your equipment provides the high temperature needed for proper canning of food. War conditions do not permit pick-up or delivery service, so bring the cooker yourself. No repairs. Only cookers with indicating dial or sliding gauges will be tested. Time for test report: about 10 days.

### FREE CANNING INFORMATION

If you are puzzled about what canning methods you should use for the kind of fruits and vegetables, or the reach of equipment you need—just reach for the telephone. As a practical service to home canners, this Telephone Information offers free information and Recipes, Printed Information, and Canning Classes in certain areas. For further details, call your Gas Company's Home Service Department.

Coconuts (in shell) 10c lb.  
Strawberries, 32c basket.  
Fresh apricots, all varieties, 14c lb.  
Fresh sweet cherries, all varieties, 33c lb.

**Cathedral City**

By W. R. HILLERY

I'm supposed to eat crow after writing that Willard Price's Pacific story would be heard on the radio at 10:30 Sunday night. Well, I was told that it would come on at that time and I understand that is the hour the series has been coming on. I was in Banning and tuned in and when something else came on I turned to the paper and found it was 11:15 and while that was long past my bedtime, I waited for it and was amply repaid by some very interesting history of the Bonins and the fact that Mr. and Mrs. Price had sailed into that volcanic harbor mentioned in the story. That Commodore Perry had used it as a coaling station and it had been ruled by an American even though under the British flag. And now the headlines tell of our task fleet shooting up some of those islands in the Bonin group.

About the only visible evidence of the Fourth of July that I know of was the display of flags. The Shannon flag was up at the Town Hall and Doc Brandt gathered it in at sunset. And the war loan drive goes on. I never did get the totals tabulated but the published list in The Desert Sun indicates so many from Cathedral City that we know we did our part.

These notes are being written prior to a called meeting of a group in this area for the consideration of a County Water Authority that would expand the present scattered special water districts and might be the answer to the objection that many of us have to our present inclusion in the Coachella Valley County Water District storm water district. The meeting is to be held in Palm Springs.

Last week I mentioned a new business opening up and mentioned no names because the time was not ripe to mention it and that information is still being withheld. However, several have thought I had in mind what was a surprise to me that Mrs. Jo Higgins, who has conducted the Cathedral Date Shop for Mr. and Mrs. C. S. Cobb for several seasons, relinquished that management on July first and Mr. Cobb has been busy since then rearranging the premises preparatory to reopening soon under his direction although Mrs. Henry will have charge of the shop.

Sorry we couldn't make Idyllwild this week and see the exhibit of art work at the Inn. I understand that Agnes Pelton and Kurt Reineman were to have some of their canvases on display. Maybe others from here but those alone would be worth the trip to see.

Mrs. Bessie N. Harvey is in the village for a week to look after her apartments. A. M. Galloway was here for the same purpose, his property.

Two new owners of cars are Don McLearn and Robert Hillery. Maybe the boys will use sails for motive power or again a solar heater might furnish power during the summer.

Mrs. True writes that Capt. George A. True is much improved from his prolonged indisposition. We are sure the desert is what he needs and we hope they can return to their desert home this fall.

Mrs. Hilda Maher writes that her soldier husband, Don Maher, has not moved overseas yet. The Mahers are at Sparta, Wisconsin, and send their regards to their many friends.

**Council Is Thanked  
By Mrs. John Sprague**

A note of appreciation from Mrs. John Sprague, Jr., to the city for its expression of sympathy and remembrances at the time of the passing of her husband, the late John Sprague, Jr., former city treasurer, was read to city council Wednesday evening.

On motion of Councilman Culver Nichols, seconded by Councilman Armand Turronet, council adopted a resolution of tribute to the memory of the late city official.

TEMPERATURES		
Date	Max.	Min.
June 29	112	67
June 30	114	67
July 1	112	74
July 2	109	67
July 3	108	62
July 4	108	63
July 5	109	58

Frey, architect. The request was referred to the Planning Commission along routine channels, for report at the July 19 meeting of city council.

The report was prepared by Mrs. James Oliver, chairman, and detailed the many clinics held, the large amount of equipment purchased and the activities of Mrs. Marge Holderman, public health nurse.

Much-needed X-Ray equipment was purchased during the year and preparations for its installation when it arrives in the fall, have been completed.

The report revealed that during the year the average attendance of babies at the monthly child welfare clinics was 50.

Health clinics, pre-natal classes, the bringing here of a mobile X-Ray machine for chest examinations, use of the building by Indian service dentists and other activities were revealed.

**ASK ADDITION**  
The Health Center board requested city approval of plans for the addition of a two-car garage on the premises, plans for which have been prepared by Albert

**For Sale**

## Burket Re-Elected Palm Springs High Board President

Charles J. Burket was reelected to serve as president of the Palm Springs Union high school board of trustees for the fiscal year starting July 1, 1944. The election took place in accord with the requirements of California school law at a noon organizational meeting July 1. At this meeting, which was also the regular meeting for the month of July, Dr. F. A. Purcell was elected by the board to serve as clerk.

Dr. Purcell succeeds John Sprague, Jr., as clerk of the board. Mr. Sprague passed away June 23.

**ADOPT RESOLUTION**  
At the meeting last Saturday noon the board ordered the following resolution inserted in the minutes of its meetings and a copy sent to Mrs. John Sprague.

"WHEREAS, Mr. John Sprague, Jr., member and official clerk of this high school board of trustees has passed on and, WHEREAS, he was an honored fellow trustee with us in whom we had high confidence and deep respect and who served unselfishly as a gentleman and friend, and WHEREAS, we deeply regret his passing in the inescapable conviction that his valued services and kindly associations will be greatly missed,

**STATEMENT ENTERED**  
Therefore, BE IT RESOLVED, that we enter into the permanent minute books of the Palm Springs Union High School District a statement of our regret at the untimely passing of our fellow trustee, together with an expression of our esteem for him as a friend and co-worker whose many splendid qualities and virtues can only prove to be imper-

## Municipal Pool Well Patronized, Report Indicates

Operation of the municipal swimming pool on the property of Frank W. Cutler, 348 Merito place, is proceeding smoothly, City Manager Ray Sorum reported to city council Wednesday night.

For the first nine operating days it was open, from June 20 to June 30, there were 197 admissions, Mr. Sorum reported. With the coming of warmer weather, patronage is increasing. In that period, 76 adults, 16 service men, 24 youngsters of high school age and 81 children of grade school age, were in the water at various times during the hours the pool is open.

Receipts were \$62.40 and so far \$62.10 has been paid out. The pool is under supervision of Mr. Sorum with Cpl. Herb Pulata on the job as life guard and the mechanical end of the plant under supervision of Maurice Libott.

## Mail Man Held For U. S. Investigation

W. A. Camp, 29, temporary employee of the Palm Springs postoffice, was taken into custody by Chief of Police Lyle J. Sanard, Wednesday and held for investigation by federal officers. Camp is suspected of tampering with the mail entrusted to his care.

ishable in our memories and in the records of this high school district; And, be it further resolved, that a copy of this resolution be sent to Mrs. Sprague as a condolence proffered sincerely and with highest regard."

There are more than 1,150 war department theaters in 615 Army posts.

## Sun Siren Takes Vacation—Will Be Back Next Week

Owing to unavoidable circumstances, this week's "Portrait of the Week by Bernard of Hollywood" was delayed. The series will be renewed on this page next week.

## MORE ABOUT . . .

### Airplane Crashes . . .

cially identified and listed as dead.

A third plane, flying with the two ill-fated craft, hovered over the scene of the tragedy radioing information both to the local base and to March Field.

### LOCAL MEN KILLED

Two officers, stationed at the 21st Ferrying Group, Ferrying division, ATC, headquarters at the Palm Springs army air base were killed Friday when their twin-engine craft went out of control about five miles east of the local airport, and crashed, Major Albert E. Higgins, in command, announced.

The men were on a routine flight and coming in to the port when the accident occurred.

### FROM LOW ELEVATION

The plane, at an elevation of about 1,000 feet went into a spin and crashed. The elevation was too low to give either officer a chance to bail out.

The dead were: Captain James F. Jennings, 805 Vernon avenue, Venice, and Lt. Kenneth L. Slane, Chanute, Kansas.

A board of qualified army air force officers will conduct an investigation to determine the exact cause of the tragedy.

### WIFE IN VILLAGE

Capt. Jennings, who came here a year ago May when the 21st Ferrying Group was first activated, is survived by his wife, Mary Margaret, who lives here, and by his father, Fred R. Jennings of the Venice address. He was rated an excellent pilot by officers at the local base and had hundreds of hours of flying to his credit.

He has flown every type of plane stationed at the base and had made numerous deliveries of planes to the armed forces overseas.

### UNIVERSITY GRAD

He received his Bachelor of Science Degree at U.C.L.A., and was also a graduate of Loyola Law school. He was a member of the Culver City Masonic lodge. Capt. Jennings won his commission on January 9, 1942, and in two years rose to the rank of captain. With Mrs. Jennings, he was living with friends at 1324 San Jacinto way, temporarily, while looking for a house here.

Lt. Slane is survived by his mother, Mrs. Hazel Slane of Chanute, Kansas. He was unmarried. He was commissioned on Feb. 25, 1942, and was advanced to first lieutenant on July 1, 1943, just a year before the fatal crash. He has a brother in San Diego. Lt. Slane was also a qualified flyer with a high reputation. He had also figured in deliveries of planes overseas, to Hawaii and Australia.

### THREE DEAD IN EAST

The crash marked a day of tragedy at the local field for it came on the heels of word from Conroy Springs, Kansas, describing the crash of another plane from the local port near that city during a thunderstorm.

Killed in the Kansas crash were First Lt. Charles P. Crawe, San Francisco; Flight Officer Harry M. Calame, Grants, New Mexico; and T/Sgt. Michael C. Zompa, Barrington, R. I. They were flying a four-engine bomber on a routine flight when involved in the thunderstorm and wrecked.

### LIST CASUALTIES

The known dead in Tuesday's crash which was reported to have

## Kofeldt Returns From Institute With Record of Spreading Fame of Village Among Experts In Art of Fame Spreading

Walter Kofeldt, executive secretary of the Chamber of Commerce, returned to Palm Springs Monday evening from the six-day Western Institute for Commercial Secretaries and Trade Executives held at the University of Oregon at Eugene.

Despite the fact that the lectures started at 8:25 a. m. and ran well into the night for the six-day course, Mr. Kofeldt found plenty of time to boost Palm Springs.

### THEY WANT TO COME

"Of the 125 secretaries and executives who attended, 125 of them know about Palm Springs and want to come here," he said.

Mr. Kofeldt took with him the colored motion picture of Palm Springs, recently given the chamber of commerce by Warner Brothers and it was exhibited at the Eugene theater at their bond premiere. It was so well liked that the theater management requested permission to show it two more days. A lot of Oregon people know more about Palm Springs now than they did two weeks ago, as a result.

The Institute covered the 11 western states and among the 125 secretaries and executives present was the secretary of the Honolulu Chamber of Commerce and the former secretary of the Shanghai chamber.

### BUSY IN BAY AREA

On his way south, Mr. Kofeldt stopped in San Francisco and continued to spread the fame of Palm Springs. He contacted 85 persons in the Bay area, telling a selected list of the joys of a winter vacation in the desert area.

He had planned to continue on to Portland and Seattle from Eugene but because of the intervening July Fourth holiday and the uncertainty of accommodations, cancelled this portion of his plans.

## MORE ABOUT . . .

### Fire Warning . . .

other fellow was watching the fire.

Only the absence of wind kept the blaze in control. Only three volunteers responded to the call, others being out of town. Paid firemen were forced to call on untrained help and as a result 200 feet of three-quarter inch hose and two 50-foot lengths of inch and one-half hose were ruined, Chief Leonasio reported.

### AIR BASE SENDS AID

Two fire trucks from the Palm Springs Army Air base were sent to the scene to prevent the blaze jumping Ramon road.

Absence of wind helped the firemen keep the blaze away from six dwelling houses in the reservation which, for a time, seemed in the path of the fire.

occurred against the south slope of a mountain near Thousand Pines were listed as:

Pfc. James H. Drewel, 29, husband of Mrs. Florence Drewel, Wellington, Mo.

Pfc. L. J. Baker, Jr., 23, husband of Mrs. Lela Mae Baker, Dallas, Texas.

Listed as "missing" pending complete identification were:

2nd. Lt. John R. Styl, 20, son of Mrs. Verona C. Styl, Bell, Calif.

2nd. Lt. Glenn L. Hoover, 24, son of Mrs. Wilhelmina H. Hoover, Marion, Ia.

2nd. Lt. Grover C. Rogers, 22, son of Mrs. Edith H. Rogers, Tampa, Fla.

Cpl. Robert E. Detty, 21, son of Mrs. Margaret Detty, Detroit, Mich.

Cpl. Eugene M. Cormeny, 21, son of Mrs. Hattie E. Pirkle, Albany, Calif.

Pfc. John E. Noonan, 20, son of Mr. and Mrs. M. E. Noonan, Lynn, Mass.

Cpl. Donald T. Sherman, 25, husband of Mrs. Virginia Sherman, Amherst, Mass.

## MORE ABOUT . . .

### Lt. Col. Higgins . . .

in the Air Corps Reserve, re-entered the service in August, 1941, with the rank of Captain and came with the Air Transport Command in May, 1943.

Previous to re-entering active service, Lt. Col. Higgins was executive vice-president of the Pittsburgh Equitable Meter Co., of Pittsburgh, Pa., one of the largest organizations of its kind in the country.

He wears the French Croix de Guerre with palm, the Belgian Croix de Guerre, the World War I Victory medal with three stars, the Asiatic-Pacific campaign medal and the American Theater campaign medal.

He is well known in Palm Springs and to civic leaders having taken an active part in community affairs and being instrumental in establishing closer cooperation between the Village and the air base.

### COL. MORGAN GOES UP

Col. Morgan's new duties as commanding officer of the Western Sector come as a well earned promotion. A class 5 pilot and qualified as a first pilot on 51 different types of Army planes, he is one of the original pilots to serve with the Ferrying Division.

His flying record is studded with outstanding accomplishments gained in more than 5000 hours in the air. He made the first aircraft delivery to Alaska for the Ferrying Division, has delivered four-engine planes to Australia, England and Africa and has had commercial flying experience in the West Indies.

### Angelo Potenza Buys La Fuente Property

Angelo Potenza, well known locally, has purchased the La Fuente cafe and apartments at 1180 South Palm Canyon drive from Frank Luse and plans to open an Italian restaurant on the site in the fall.

Billy Wright handled the deal.

## Mr. and Mrs. Clarke At Santa Barbara For the Summer

Mr. and Mrs. Gordon Clarke of 575 Calle Ajo left this week end for Santa Barbara where Mr. Clarke will enter the Sansum clinic for a physical check-up. He has been ill for some time.

Both Mr. and Mrs. Clarke are registered pharmacists and although here on vacation, filled in this season at their trade, Mrs. Clarke with the Desert Drug store and Mr. Clarke at Gibbs' Tahquitz pharmacy.

Later this summer they plan to visit their daughter, Mrs. E. C. Gribkoff of Berkeley, Calif., before returning to the Village in the fall.

### Three-Week Quiet Spell Interrupted

After a lapse of three weeks without a fire, things began breaking last Friday morning.

In the succeeding four days there were five fires, only one, that of Sunday, proving serious. A false alarm called the department to the Tahquitz Estates late Wednesday.
